

★、要求帶橡膠圈的請能提供對應的螺釘及配件，以便依實際檢測匹配的功能來確定，生產研磨尺寸公差，當然橡膠圈用戶自己提供更好。
 ★、If you want rubber rings, please provide corresponding screws and accessories to confirm the dimensional tolerance of grinding by testing their actual matching function. Of course, it will be better if the users can provide the rubber rings themselves.

也可定制不同顏色的高耐磨PEEK,PPSU扁成型(非純圓圈類)的高端卡圈。

可帶不同的橡膠圈
 It can be with different rubber rings

we can use different material and color, can also customize high wear-resistant PEEK/PPSU flat forming (not pure circle type) high-end ring of different colors
